

Custom Cabinets & Consoles

We can build a cabinet or console to meet your needs.

Whether you need a command cabinet or console for a fire engine or a medical cabinet for your EMS response vehicle, or a response cabinet for your Police/Law Enforcement unit, WE CAN BUILD IT.

Carba Fire Technologies, Inc. cabinets are made from the highest quality wood, utilizing cabinet grade multi-layer plywood. Each cabinet is finished with high grade marine cape and all edges are finished with PVC rounded protective molding. Areas finished with laminate utilize a high pressure type of durability. Drawn and door fronts are finished with a marine grade polycoat.

Our catalog and website features many of the most popular designs. Call or visit our cabinet console page on the web for the drawings and specs. Some cabinets in stock and our build times are usually under two weeks.

We can also build you a custom cabinet in any configuration needed... Call or E-mail for your design and quote today!
